depth	34.25"
seat height	13.5"

## materials

wood species	cherry, salvage elm
bio-resin	white, black, woodprint, desert clay, sea glass, and fern

## care

Our hardwood surfaces are finished with an environmentally friendly, plant based, hard wax oil wood finish that has 0% VOC and does not contain any water or solvents. It is protective and durable. Wipe with a damp cloth and gentle cleanser. Avoid water marks by quickly wiping up any standing liquids on the chair. Never use harsh cleaning sprays or abrasives on your wood surfaces. Clean any sticky spots gently with soap or mild detergent and water. Due to natural variations in wood, grain and color can differ from piece to piece.

## sustainability

From FSC® certified hardwoods, to plant-based polymers, to GOLS-certified latex, we examine every product for sustainability, quality, and performance. We strive to source our materials locally. Additive manufacturing processes like 3D printing let us produce each piece to order. Limiting inventory minimizes our carbon footprint and also maximizes our product quality. Only the products identified as such in this document are FSC®-certified. FSC® C125400/SCS-COC-007184
